SUMMARY

Video editor and digital media producer with 10+ years of editing experience and 200+ published videos. Co-founded SHAGauto, an automotive media project, where I produced long-form videos and short-form content that reached 19M+ views on the top 10 Reels and TikToks alone. Directed and produced the Derby Show (SHAGauto Show channel): 240K+ views, 2K+ subscribers, a collaboration with 9 creators. I work across the full pipeline: concept, shooting, editing, motion graphics, VFX, SFX and color. Looking for a remote editor or producer role in gaming, trailers or story-driven content.

PROFESSIONAL EXPERIENCE IN MEDIA PRODUCTION

SHAGauto

Co-Founder and Content Producer — June 2024 – September 2026

Automotive media project combining motorsport, entertainment, and digital content.

- Designed and produced educational and entertainment automotive content, applying efficient audience engagement strategies informed by platform analytics to sustain viewer attention across formats;
- Led a multidisciplinary 10-member team building Russia's first rental derby racing project;
- Produced 29 long-form videos and generated 19M+ views on the top 10 Reels and TikToks
- Produced SHAGauto Show, generating 240K+ views and 2K+ YouTube subscribers.
- Coordinated 9 YouTube creators for the Derby Show, including four with 1M+ subscribers (the largest with 2.8M)

Rose-Colored Glasses – YouTube Channel

Video Editor and Content Creator — December 2015 – Present

- Produced 200+ videos across gaming, humor, and creative formats, developing visual storytelling and editing skills;
- Tested content formats, editing techniques, and storytelling approaches to optimize audience engagement.

EDUCATION

International University of Moscow — Moscow, Russia

Bachelor's Degree in Advertising and Public Relations — September 2020 – March 2025

Relevant courses: *Project Management, Digital Design, Computer-Aided Design, Media Analysis and Media Planning*

GPA: *4.5/5*

RESEARCH

Content Characteristics and Audience Engagement in Educational Instagram Reels

Independent Research Project — July 2026 – Present

Aims: Develop an evidence-based toolkit that translates findings from learning science and digital media research into practical guidelines for creating effective educational short-form videos.

Methods: Literature review, comparative analysis of research findings, development of an evaluation framework.

Outcomes: Coded 300 educational Reels from 21 accounts on 30+ variables; found that the account explains 68% of view variance. Published a free toolkit (toolkit.grigoriitvorogov.com), an SSRN working paper and an open dataset on Zenodo.

CONFERENCES

Digital Mental Health International Conference 2026, Conference attendee — June 2026

Attended lectures on digital behavior, smartphone use, short-form video engagement, and psychological wellbeing.

VOLUNTEER EXPERIENCE

Next Gen Palette

Volunteer Content Creator — July 2026 – September 2026

- Produced short-form educational and promotional videos for YouTube, Instagram, and TikTok.

ADDITIONAL PROFESSIONAL EXPERIENCE

Aquatics Sports School — Moscow, Russia

Triathlon Coach — September 2020 – September 2026

- Mentored children and adolescents in triathlon, working with groups of different ages and skill levels;
- Coordinated training sessions, competitions, and sports events while communicating with athletes and parents.
